100% of the proceeds will benefit The Pet Project Midwest which is in dire need of money. Our major initiative, The Pet Pantry, has been established to give Iowa pet owners with disadvantaged circumstances a resource to get through trying times without having to turn over loved pets to shelters. We are growing at a pace we hadn't anticipated and are in great need of assistance. Just since beginning to take applications April 1, we already provide food and supplies to 380+ central Iowa families, covering 347 dogs and 343 cats, along with other pets like fish, birds and ferrets.
